TAYLOR STREET FACILITY 1-8- 2021 COVID-19 MEMORANDUM

All residents:

1/09/2021

We have had a few residents and staff who have recently tested positive for the Covid-19. We have no way of knowing how big a small outbreak is so we need to take necessary precautions.

#1. The facility day spaces are all closed until further notice. Residents are restricted to their rooms. If you leave your room without authorization or are in someone else's room you will potentially be discharged or BTO; this needs to be taken seriously.

#2. Residents will be able to come down stairs by their rooms for meals only. Staff will clear each room by room. Staff will let you know when you come down. We will be making a schedule for meals so you can plan ahead. You will grab your meal, use spit bowls and vending machines, hot water, and go straight back upstairs. No eating will occur in day spaces.

#3. Working residents will be moved into rooms with working residents. Non-working will live with non-working residents. So be prepared to move if instructed to do so. It will not be an option if you are told to move!

#4. Working residents: You can work if you have an essential Dept of Public Works job. If not, we will determine on a case-by-case basis if you can continue to work. You must be demonstration good COVID-19 precautions to keep working. Get tested monthly, wear PPE ect. You will be quarantined to your room except for signing in and out and for meals. Staff will determine when your mealtime is— Not you. Do not demand to go into the kitchen as soon as you return. You must be patient if you want to keep working.

#5. We will have a full facility COVID-19 test next week with all residents and all staff. On this one day you will not be able to go to work until you have been tested. I do not know what date or time yet but I will keep you informed.

We will determine next plan after we are all tested and confirm the results. Think positive STAY negative!

This is a difficult time but if we work together, we can get through the next week or two. If we cooperate this will be temporary!

Thank you in advance— [REDACTED] Carpenter and [REDACTED] Richard

Hi, I'm a reporter with 48hills.org, and I just got a press release about COVID at the Taylor Center. Can you tell me if there are currently active cases, and what's being done? DO the people who live there know who has tested positive?

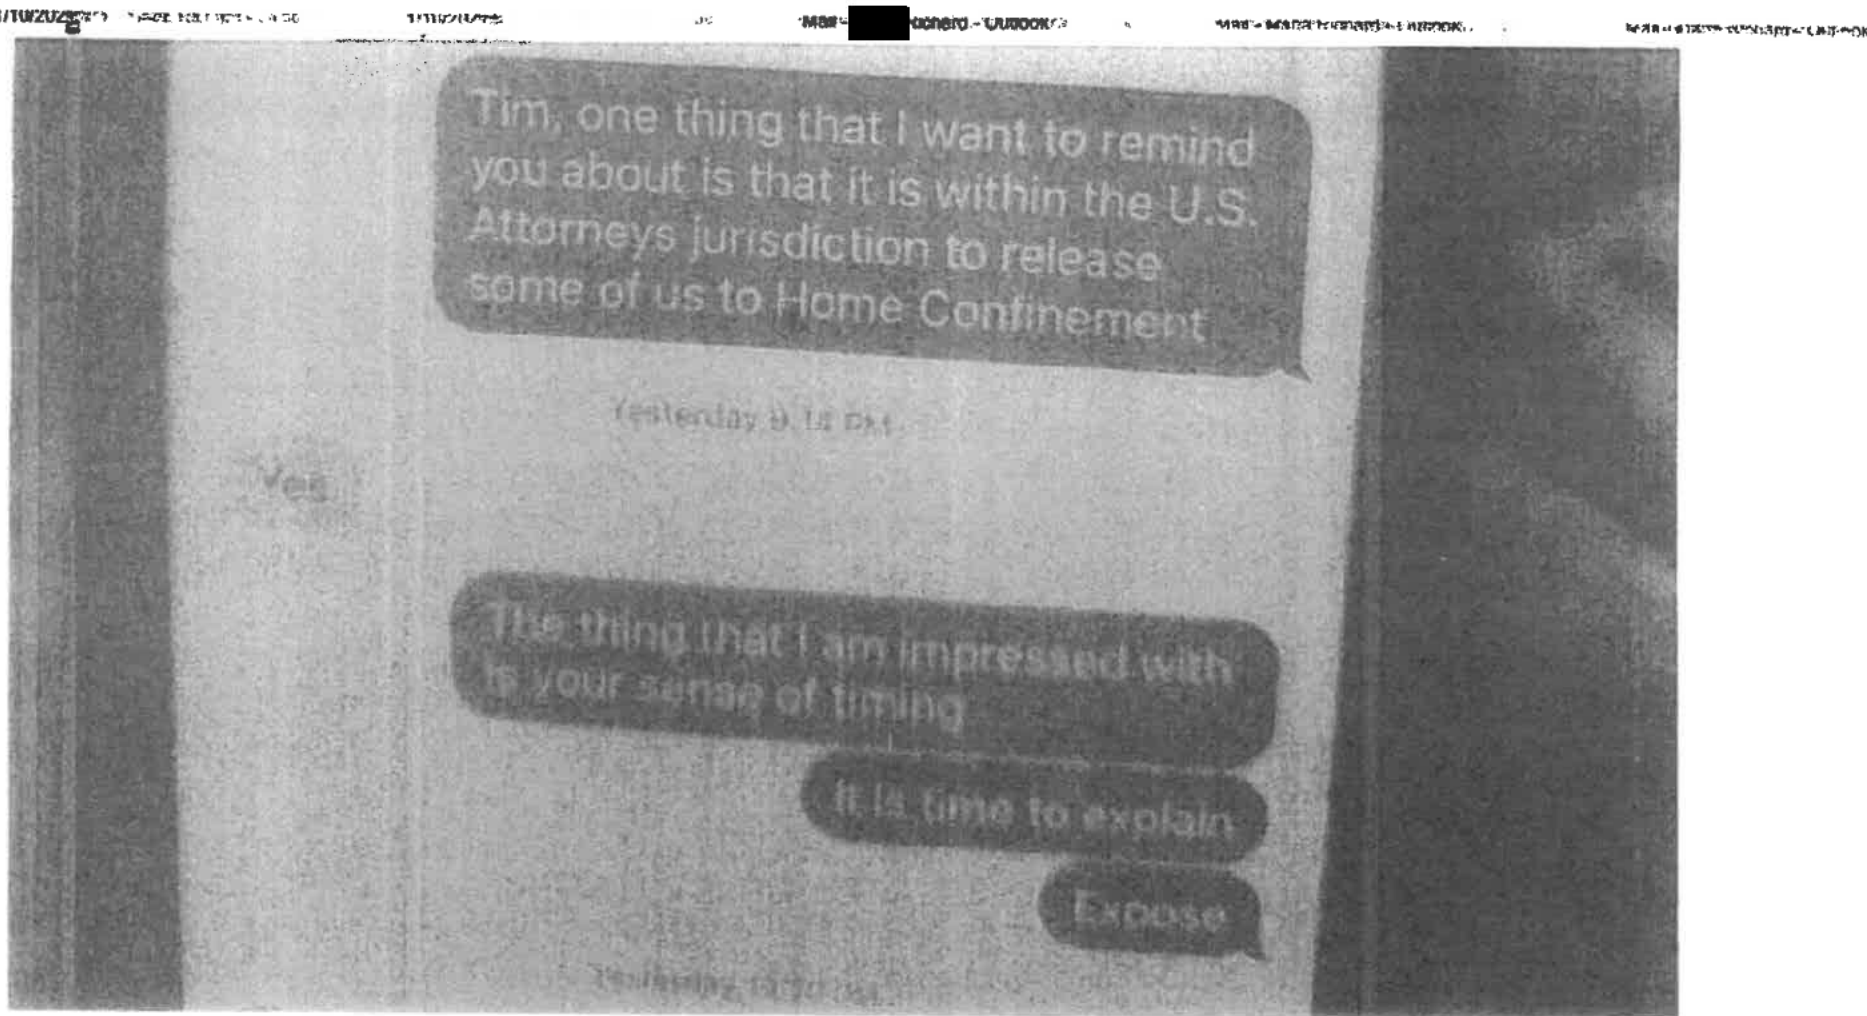

Are there any plans to move out of the center people who are close to the end of their probation and have jobs and a place to go?

Thanks so much.
